STATEMENT FOR WORK SAMPLES

FILM TOPIC: ART and ARCHITECTURE DESIGN FOR HARMONY IN LIVING SPACES by ANURADHA MUNSHI

The work samples include short introduction video and 22 photographs of designs collected over the years depicting principles from ancient art of architecture design in Asia for planning living spaces considering aspects like natural elements, function, harmony, shapes, placement of art, planning to well connect spaces to bring prosperity and well-being. The visual samples will be used in research on topics of Vastu Shastra, Fengshui principles and modern-day applications. Further exploring spiritual space design like labyrinths, Buddhist Mandala art depicting nothing is permanent and rock cut temples shown in visual samples to inspire art and architecture for creating harmony in living spaces.
